The School District of Philadelphia has immediate job opportunities for certified teachers who have updated PA clearances. We will be hosting Hiring Fairs for certified teachers the week of January 19th where there will be the opportunity to meet with principals and learn about the District’s employment process and benefits package.

The starting salary for Teachers is $45,360 with benefits.

OUR VISION
We are working to make ALL school great. Period. The School District of Philadelphia will deliver on the right of every child in Philadelphia to an excellent public education and ensure all children graduate from high school ready to succeed.

OUR TRAINING
We know that great teachers are key to progress, so we have created a framework of support for our teachers that provide opportunities for on-going growth in your current role, leadership development, and/or other advancement possibilities. Teachers are assigned an expert coach who will provide constructive feedback to help you grow quickly. All coaches are experienced teachers with a strong record of success. They will visit your classroom, watching you in action, and providing in-the-moment guidance and concrete strategies to apply in future lessons.

OUR STANDARDS
We are looking for excellent teachers who believe that every child can learn and that change begins in the classroom. We seek professionals who are willing to join us in our efforts to radically change student outcomes for the better. This work takes determination. It takes grit. And it takes persistence. We seek great teachers who acknowledge the significant challenges of teaching in an urban setting, but reject its limitations.
