Yooo! Aaron and Colleen!!

We miss you guys so much and couldn't help but think of you during our day trip to Galway- you would never want to leave! Thanks to you guys and the stickers you gave us, your boy Gus will always be in Galway! We made sure he has some nice views.

Thank you so much, again, for taking care of Axl, Bean, and Powder while we are away, we love and miss them so much! We can't wait to see our friends and family when we get back home. In the meantime, use that app we told you about to scan this picture of Gus on the left and watch our digital postcard!

Love yous, and see you soon.
